

Summer Symposium

July 14-17, 2016

St Regis Hotel · Deer Valley, Utah

Program Chair:
Steven J Dell MD

Program Committee:
Robert Cionni, MD
William Link, PhD
Tal Raviv, MD
Stephen Slade, MD
William Trattler, MD
George Waring IV, MD
Robert Weinstock, MD
William Wiley, MD

THURSDAY, JULY 14

1:00 pm	<i>Lunch Reception (Astor Ballroom, Pre-function Area)</i>	
2:00	Opening Remarks	Steven Dell, MD
	Opening Session: Hot Topics! <i>Moderators: Steven Dell, MD and Stephen Slade, MD</i>	
2:05	AECOS Update: CXL Trial, CAEC, ARSC	John Vukich, MD
2:15	Easing the Pharma Financial Burden for Patients	Joseph Papa <i>Valeant</i>
2:25	Report from the trenches before the Republican National Convention	Jeff Kimbell <i>(via Skype)</i>
2:35	Discussion; Q & A	
2:45	The Digital Savvy Doctor: Interpreting Digital Marketing Tools & Practice Implementation <i>Panel: Michael Dobkowski, Megan Mestas, Richard Roll</i>	
(2:45)	Lead generation, SEO, Local Search, Social Feeds, Hum Systems	Michael Dobkowski <i>Glacial Multimedia</i>
2:50	How to get patients to write good reviews, how to manage bad reviews	Richard Roll <i>ReadySetBOOM.com</i>
2:55	Branding your practice through digital marketing	Megan Mestas <i>EyeMAX</i>

- 3:00** **Role Play:** Panelists present real life difficult situations with cataract and refractive patients
Panel: *John Doane MD, Mark Kontos MD, Allison Shuren Esq, Robert Weinstock MD*
- 3:05** **Case 1:** My refractive package includes refractions, femto, LRI, Toric or whatever IOL, plus LVC if needed. If I use standard IOL, perform no astigmatic surgery but charge extra, am I effectively selling LASIK insurance?
- 3:25** **Case 2:** Patient who paid for a premium package with a PCIOL using Femto for astigmatism has an objectively excellent result, but is unhappy and wants a refund. What can/should I do?
- 3:45** **Case 3:** A group of ODs who refer to me are co-managing cataracts and yet they are also directly charging patients for visits during the global. What are my responsibilities here?
- 4:05** **Case 4:** Patient declined to receive astigmatism treatment and wants to sue because he did not achieve freedom from glasses as his wife did.
- 4:25** **Session 2: Case Presentations** (20 min case presentations/discussions)
Moderators: *William Trattler, MD and William Wiley, MD*
- 4:30** **Pharma Case 1:**
Anxious, armless cataract patient wants no drops and no IV **Richard Lindstrom, MD**
Discussants: *John Doane MD, Sheri Rowen MD, Priyanka Sood MD*
- 4:50** **Pharma Case 2:**
Dropping the mic on dropless. This was my final dropless case. **Robert Weinstock, MD**
Discussants: *Kendall Donaldson MD, William Trattler MD, William Wiley MD*
- 5:10** **Pharma Case 3:**
The silver bullet for a patient presenting with chronic blepharitis,
unresponsive to conventional treatments **Anita Nevyas-Wallace, MD**
Discussants: *Kenneth Beckman MD, Preeya Gupta MD, Steven Rosenfeld MD*
- 5:30** **Cataract Case 1:**
Cataract surgery in an eye with severe zolular insufficiency **Brandon Ayres, MD**
Discussants: *Ashvin Agarwal MD, Kendall Donaldson MD, Brian Kim MD*
- 5:50** **Cataract Case 2:**
Cataract surgery in a patient with a small pupil **D. Brian Kim, MD**
Discussants: *Preeya Gupta MD, Jeff Pettey MD, Stephen Slade MD*
- 6:10** **Cataract Case 3:**
Patient requests PCIOL cataract surgery and says: "You're the doctor,
you decide how to remove it". **William Wiley, MD**
Discussants: *Steven Dell MD, John Doane MD, Richard Lindstrom MD*
- 6:30** **Adjourn**
- 6:30 - 9:00 pm** **AECOS Exhibitors Reception** (*Astor Terrace*)

FRIDAY, JULY 15

06:00 **Breakfast with the Experts (Astor Terrace)**

07:00 **Session 3: MIGs Case Presentations (20 min case presentations/discussions)**

Moderators: Tal Raviv, MD and Steven Vold, MD

7:00 **Case 1:**
Glaucoma patient well-controlled on two meds seeks cataract surgery **Ahad Mahootchi, MD**
Discussants: Yuri McKee MD, Tal Raviv MD, Steven Vold MD

7:20 **Case 2**
Combined Cataract and Glaucoma Surgery made easy **Erik Mertens, MD**
Discussants: Cathleen McCabe MD, Malik Kahook MD, Ahad Mahootchi MD

7:40 **Case 3**
New Device in Glaucoma **Malik Kahook, MD**
Discussants: Cathleen McCabe MD, Ahad Mahootchi MD, Erik Mertens MD

08:00 **Session 4: Broadening the Premium Channel (20 min case presentations/discussions)**

Moderators: Erik Mertens, MD and John Vukich, MD

08:00 **Case 1:**
Patient has 4.00D cylinder power toric IOL rotated 15 degrees, has residual cylinder. How to fix? **Daniel Chang, MD**
Discussants: Geoffrey Tabin MD, Kevin Waltz MD, William Wiley MD

08:20 **Case 2:**
Toric Power Surprise **Jared Younger, MD**
Discussants: Daniel Chang MD, Alan Faulkner MD, James Loden MD

08:40 **Case 3:**
Patient wants toric IOL, topops are a mess. On maximum medical therapy for Dry Eye Syndrome **Preeya Gupta, MD**
Discussants: Kenneth Beckman MD, Alice Epitropoulos MD, Damien Goldberg MD

09:00 **Challenging Cases: IOL Selections**

Moderators: Steven Dell, MD and George Waring IV, MD

09:05 **Case 1:**
Bilateral ERMs with 20/25 retina; wants a Multifocal IOL **Robert Weinstock, MD**
Discussants: John Vukich MD, George Waring IV MD, William Wiley MD

09:25 **Case 2:**
To Multi-focal or Not in a Patient with Dislocated Crystalline Lens **Elizabeth Yeu, MD**
Discussants: Ashvin Agarwal MD, Kendal Donaldson MD, Yuri McKee MD

09:45	Case 3: Posterior Polar Express <i>Discussants: Steven Dell MD, Karolinne Rocha MD, Stephen Slade MD</i>	Sheri Rowen, MD
10:05	Break	
10:30	Session 5: Complex Cataract Cases (100% video, no slides, 10 min ea including discussion) <i>Moderators: Robert Weinstock, MD and William Wiley, MD</i>	
10:30	What could possibly go wrong here? IOL Exchange in post-RK, post valve and post Yag with UGH syndrome	George Waring IV, MD
10:40	Trifecta: Brunescant Cataract, Tiny Pupil, Severe Zonulopathy	D. Brian Kim, MD
10:50	A Case of Postoperative Refractive Surprise – What, When, How	Ashvin Agarwal, MD
11:00	Sky's the Limit: Penetrating Lensectomy	Karolinne Rocha, MD
11:10	Fastest Argentinian flag sign despite all countermeasures; now I have to do the other eye	Tal Raviv, MD
11:20	Zonular Dehiscence: Good, Bad and the Ugly	Sumitra Khandelwal, MD
11:30	Stretching the Pupil	P. Dee Stephenson, MD
11:40	Congenital absence of 180 degrees of zonules, managed with MSICS, PPV, Glued IOL	Yuri McKee, MD
11:50	How to manage lack of capsular support in traumatic cataracts	Kendall Donaldson, MD
12:00	Adjourn	
12:30 – 1:30	"AECOS Global Charities: How You Can Become Involved with Supporting the C.A.E.C." (Library)	
5:00 – 6:30	Satellite Reception: (Library) "The Elimination of Corneal Blindness by 2040: Transforming SightLife to Meet this Challenge" Brought to you by SightLife	
6:00 – 7:30	Abbott Reception (Deer Crest Club)	

SATURDAY, JULY 16

06:00	Breakfast with the Experts (Astor Terrace)	
07:00	Session 6: Practice Impossible! (20 min case presentations/discussions) <i>Moderator: Steven Dell, MD and Matt Jensen, MBA</i> <i>Panel: Steven Vold MD, Robert Weinstock MD, William Wiley MD, Elizabeth Yeu MD</i>	
07:00	Case 1: The Buyout	Elizabeth Yeu, MD
07:20	Case 2: Pro Femto/No Femto	Steven Vold, MD

07:40	Case 3: The Turnaround	Luke Rebenitsch, MD
08:00	Presentation of AECOS Visionary Award AECOS Visionary Award Lecture: Our Journey through customizing ablations and cornea biomechanics	Steven Dell, MD John Kanellopoulos, MD
	Session 7: Managing the Practice Experience (20 min case presentations/discussions) <i>Moderators: Stephen Slade, MD and Robert Weinstock, MD</i>	
08:20	Case 1: ORA Saved the Day <i>Discussants: Harvey Carter MD, Audrey Talley-Rostov MD, William Wiley MD</i>	Robert Cionni, MD
08:40	Case 2: RLE multifocal patient; you just broke the posterior capsule, now what? <i>Discussants: Brendan Ayres MD, Sumitra Khandelwal MD, Steven Rosenfeld MD</i>	Yuri McKee, MD
09:00	Defenders of Vision! <i>Faculty: John Doane MD, Steven Dell MD, Stephen Slade MD, William Wiley MD, Elizabeth Yeu MD</i>	Jim Mazzo
09:30	Break	
10:00	Session 8: My Best Pearls (8 min videos, no slides) <i>Moderators: William Trattler, MD and George Waring IV, MD</i>	
10:00	Managing an Iris Coloboma	Robert Cionni, MD
10:08	The No Phaco, Phaco Chop Technique: Paradox or Innovation	D. Brian Kim, MD
10:16	Novel uses of Calisto	Mark Kontos, MD
10:24	New capsulotomy techniques	P. Dee Stephenson, MD
10:32	Scleral fixated IOL without glue or sutures	Robert Cionni, MD
10:40	When the femto lets you down	Kenneth Beckman, MD
10:48	Pearls on Pseudoexfoliation	Alan Crandall, MD
10:56	Making LASIK More Perfect	Stephen Slade, MD
11:04	Using customized topography data in re-defining clinical refractions	John Kanellopoulos, MD
11:12	Advanced Techniques for Targeted iStent Placement	Steven Vold, MD
11:20	Small Pupil CataRock	Erik Mertens, MD

11:28	Management of the Intumescent White Cataract	Darcy Wolsey, MD
11:36	Phakic IOL – preventing problems	Ashvin Agarwal, MD
11:44	Scleral fixation with suture	Alan Crandall, MD
11:52	Discussion	
12:00	<i>Adjourn</i>	
12:30 – 1:30	<i>Lunchtime Symposium (Astor Ballroom) “HOLOS IntraOp Wavefront Aberrometer – Giving InSight to your Cataract Surgery” Brought to you by Clarity Medical Systems</i>	
4:00 pm	<i>OWL Networking Reception: (Library) “OWL - Advancing Diversity in Leadership: A Reception with an Update on Our Expanded Mission and Newest Programs”</i>	
5:00 pm	<i>AECOS 3D “Afternoon at the Movies” (Astor Ballroom & Pre-function Area) Brought to you by TrueVision Systems Moderators: Robert Weinstock, MD and William Wiley, MD 5:00 Popcorn and Refreshments 5:30 – 6:30 pm 3D Videos Starring: James Katz MD Jonathan Solomon MD William Trattler MD</i>	<i>Steven Vold, MD Robert Weinstock, MD William Wiley, MD</i>
6:30 pm	<i>AECOS Annual Cookout (Mountain Terrace)</i>	
SUNDAY, JULY 17		
06:00 am	<i>Breakfast with the Experts</i>	
07:00	<i>Session 9: Innovators Session (6 min each + 2 min discussion) Moderator: William Link, PhD</i>	
07:00	Nasal stimulation with Oculeve to improve dry eye disease	John Sheppard, MD
07:08	Magic without Haptics	Erik Mertens, MD
07:16	The Future of Corneal Inlays and Onlays	Stephen Slade, MD
07:24	Allotex – Tissue Addition Technology	David Muller, PhD
07:32	ReFocus VisAbility Implant (from the FDA study)	James Katz, MD
07:40	PiXL: The Future of Cross-Linking	Rajesh Rajpal, MD

07:48	Omega Ophthalmic- Gemini Refractive Capsule	Gary Wortz, MD
07:56	In vivo refractive index modification of an intraocular lens with a femtosecond laser - Perfect Lens	George Waring IV, MD
08:04	Session 10: Corneal Refractive Surgery for Pros (20 min case presentations/discussions) <i>Moderators: John Doane, MD and Stephen Slade, MD</i>	
08:05	Case 1: 27 yo WF high myope, thick corneas, has heard about ICL and laser <i>Discussants: John Doane MD, John Kanellopoulos MD, William Trattler MD</i>	Stephen Slade, MD
08:25	Case 2: Post LASIK Dry Eye Case <i>Discussants: Steven Dell MD, Sheri Rowen MD, John Sheppard MD</i>	Jennifer Loh, MD
08:45	Case 3: Patient with Irregular Cornea Seeks Improved Vision <i>Discussants: Karolinne Rocha MD, Stephen Slade MD, William Wiley MD</i>	John Kanellopoulos, MD
09:05	Case 4: 24 YO high-strung man with irregular corneas from prior corneal infections wants Laser Vision Correction <i>Discussants: Sumitra Khandelwal MD, Mark Kontos MD, James Loden MD</i>	Steven Dell MD
09:25	Case 5: Creating the ideal inlay patient <i>Discussants: Phillip Hoopes Jr MD, Luke Rebenitsch MD, George Waring IV MD</i>	William Wiley, MD
09:45	Case 6: Smile – Beginner Lessons Learned <i>Discussants: James Loden MD, Erik Mertens MD, Majid Moshirfar MD</i>	John Doane, MD
10:05	Break	
10:30	Session 11: Cross-Linking Cases (20 min case presentations/discussions) <i>Moderators: John Kanellopoulos, MD and William Trattler, MD</i>	
10:30	Case 1: Call 1-800-Trattler! Emergency crosslinking in a teenager <i>Discussants: John Kanellopoulos MD, Mark Kontos MD, Jodi Luchs MD</i>	William Trattler, MD
10:40	Case 2: Crosslinking patient presenting with possible progression; how to decide if/when to retreat <i>Discussants: Rajesh Rajpal MD, Stephen Slade MD, Audrey Talley-Rostov MD</i>	Mark Kontos, MD

- | | | |
|-----------------|---|-------------------------------|
| 10:50 | Case 3:
Keratoconus patient managed with CK and CXL
<i>Discussants: John Doane MD, John Kanellopoulos MD, Jodi Luchs MD</i> | William Wiley, MD |
| 11:00 | Case 4:
To CXL or Not to CXL!
<i>Discussants: Steven Dell MD, Rajesh Rajpal MD, George Waring IV MD</i> | John Kanellopoulos, MD |
| 11:20 | Case 5:
CXL with simultaneous PRK.
<i>Discussants: John Kanellopoulos MD, William Trattler MD, William Wiley MD</i> | John Doane, MD |
| 11:40 | Case 6:
Patient presents with Keratoconus and Cataract: Which to treat first?
<i>Discussants: James Loden MD, Rajesh Rajpal MD, Karolinne Rocha MD</i> | William Trattler, MD |
| 12:00 pm | <i>AECOS 2016 Summer Symposium Concludes</i> | |
